Dear Sir(s)/Madam,

Sub: Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") - Expansion of Chlorinated Polyvinyl Chloride (CPVC) Capacity

Pursuant to Regulation 30(4) read with Para B of Part - A of Schedule III of Listing Regulations, we wish to inform you that the Company will be investing in the expansion of its CPVC (Chlorinated Polyvinyl Chloride) production capacity. With this investment in expansion, the total production capacity of CPVC Division of the Company will increase by 30,000 Metric Tonnes (MT), growing from the current capacity of 20,000 MT to a total of 50,000 MT.

The capacity expansion will be achieved through a combination of new installations, de-bottlenecking existing facilities, and process optimization. This strategic investment leverages the Company's existing infrastructure and utilities, ensuring a cost-effective and efficient scale-up and stability by integration of its own manufactured S-PVC (Suspension PVC) as raw material.

Further, the expansion will be implemented in phases, with 20,000 MT expected to be commissioned towards the second half of Q2 FY26 and an additional 10,000 MT by the end of FY26. This phased capacity ramp up approach allows the company to maintain strict quality control while efficiently meeting the growing demand for CPVC.

Further in terms of SEBI Circular No. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated July 13, 2023 read with Regulation 30 Para B of Part A of Schedule III of the Listing Regulations, the additional information required is given in the **Annexure - A**.
